

Welcome to the Early
Years Setting at
Paganel Primary
School.

Welcome...

- At Paganel we are so proud of our early years setting, the environment we provide enables our children to make outstanding progress. Learning is tailored to the children's interests and all of our provision is child-led, our staff work tirelessly to interact with the children using their expert knowledge of the Early Years Framework to support the children in developing their knowledge and understanding in all of the different areas of learning.
- Please spend take some time to have a look at this presentation which demonstrates some of the things we have on offer in the setting.

Ofsted

The school was inspected in
Mach 2020...here is what they
said about our Early Years
setting...

“Children get off to a good start in the early years. Staff care about children and support them to develop trusting relationships. They respond to children’s social and emotional needs well, which helps children to be happy and settled.” – OFSTED 2020

“The school’s ‘pursuit for greatness’ is threaded throughout all aspects of school life. Pupils have positive attitudes to school and are proud of their achievements.”
– OFSTED

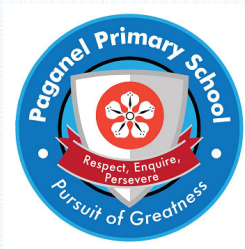

“Staff develop children’s communication and language skills, for example through stories, rhymes and songs. Staff hold workshops for parents every Friday afternoon with the children. Parents really appreciate this”. – Ofsted 2020

“Children make good use of books in their learning, for example, to support the model-making of a car, a guitar and a zoo. There are many activities for children to practise their number skills”. – Ofsted 2020

We were so happy with all of the wonderful things they said about our setting!

Indoor and Outdoor Provision...

The children learn in both indoor and outdoor environments, we encourage them to be inquisitive and learn through exploration and we also support them to build their independence...

Our environments are well organised, natural and purposeful and support the children's development in all areas of learning...

The children settle quickly in the setting thanks to our induction process.

Our staff spend time so that the children have a clear understanding of the rules and routines we expect them to follow.

Our children are happy, motivated and enthusiastic learners!

Our children build very positive relationships with the staff and each other which leads to superb collaboration in the setting!

Our Staff...

- Our staff are passionately committed to teaching in the Early Years.
- They support the children effectively with their emotional needs to ensure they are happy and settled in the setting, therefore enabling the children to successfully learn whilst they are here.
- Our staff are all highly trained practitioners and facilitate our child-led provision effectively, this enables all children to make outstanding progress.
