

In this time of everything being online, and a huge array of different social media sites/ apps, why not download an app that means you can monitor and restrict time/ sites your child uses? Go to the Apple app store or Google play to download - simple to use and easy to monitor! It also means you can check for anything inappropriate or any types of cyber-bullying. One that our staff use is 'Screen Time', but others can be found [HERE](#) or [HERE](#)

[Also, the NSPCC has a site called NETAWARE, which allows you to put in any app, game or social media and see what rating it is and what you should be mindful of](#)

Net Aware

The Birmingham Safeguarding Children Board (BSCB), a partnership of agencies who work together to prevent child abuse and neglect, have launched a campaign & video to raise awareness that:

'keeping children safe is everybody's business'. [Click here for their website](#)

The campaign focuses on raising community awareness of what to do if you are worried about a child and most importantly to encourage members of the public to call Birmingham City Council's Children's Advice & Support Service to report their concerns, so action can be taken to safeguard and protect the child.

NSPCC has lots of resources for parents please click [here](#)

Keeping children safe online

1 in 5 internet users in the UK are children. We won't stop until every child is safe online.
