

Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview

Detail	Data
School name	Paganel Primary School
Number of pupils in school including 18 part time Nursery(note this strategy is based on the pupils for the academic year 2021-2022)	339 (357)
Proportion (%) of pupil premium eligible pupils @ CENSUS October 2021	196 (58%)
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	
Date this statement was published	November 2021
Date on which it will be reviewed	July 2022
Statement authorised by	Bethan Gingell
Pupil premium lead	Bethan Gingell
Governor	Tony Bottle

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£263,620
Recovery premium funding allocation this academic year	£31,123
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	£263,620

Part A: Pupil premium strategy plan

Statement of intent

At Paganel Primary School we embrace the fact that all children are different. Our aim is to offer high quality, inclusive teaching which enables all children to make the best possible progress in school and feel they are a valued member of the school community. Through our core values of “respect, enquire and persevere” we strive to develop the whole child, this is through a support, scaffold and challenge model. Pupil Premium funding is aligned to the long term strategy of the School Development Plan and enables our school to implement a blend of short, medium and long term interventions ensuring additional support for disadvantaged children both academically and emotionally is given and supports us in delivering a broad, balanced and enriched curriculum.

We aim to identify the needs of our children early in order to remove their barriers to learning and diminish the difference in attainment between our disadvantaged pupils and their peers. Over fifty percent of our children are eligible for Pupil Premium funding which is significantly above the national average of 17.3%. When making decisions about using Pupil Premium funding it is important to consider the context of the school and the subsequent challenges faced. This alongside research conducted by the EEF. Common barriers to learning for disadvantaged children can be: less support at home, weak language and communication skills, lack of confidence, more frequent behaviour difficulties and attendance and punctuality issues.

There may also be complex family situations that prevent children from flourishing. The challenges are varied and cannot be catered for in one uniformed way.

All teaching staff are involved in the analysis of data and identification of pupils, this ensures they are aware of individual children who need additional support at some point during the academic year.

Principles

- We ensure that teaching and learning opportunities meet the needs of all the pupils
- We ensure that appropriate provision is made for pupils who belong to vulnerable groups, this includes ensuring that the needs of socially disadvantaged pupils are adequately assessed and addressed
- In making provision for socially disadvantaged pupils, we recognise that not all pupils who receive free school meals will be socially disadvantaged
- We also recognise that not all pupils who are socially disadvantaged are registered or qualify for free school meals.
- We reserve the right to allocate the Pupil Premium funding to support any pupil or groups of pupils the school has legitimately identified as being socially disadvantaged.

- Pupil premium funding will be allocated following a needs analysis which will identify priority classes, groups or individuals. Limited funding and resources means that not all children receiving free school meals will be in receipt of pupil premium interventions at one time.

Demography and School Context

Paganel Primary is a two form entry school with a part time nursery located in Selly Oak / Weoley Castle in South Birmingham

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	The progress of Pupil Premium children in maths, writing and reading . This impacts on the percentage of children achieving the combined expected standard in Early years, KS1 and KS2. This has increased due to Covid-19 and children being out of school between March 20 and September 20 and then again between January and March. They have missed at least 22 weeks across the last two academic years.
2	Pupil premium children achieving greater depth is lower than non-pupil premium
3	Supporting children to access learning by supporting their emotional, behavioural needs, and mental health issues that have arisen due to Covid-19
4	Attendance for Pupil Premium children was 93.42%. (September 2020 – March 2021) This reduces their school hours and causes them to fall behind their peers.
5	Education is not given a high priority by some of our families
6	Mobility of children is significantly higher than national (currently 53% stability at Paganel) Only 52% of our current Year 6 (2021-22) have been in Paganel since reception.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Improved attainment and progress for PP children compared to National	Pupils eligible for pupil premium make accelerated progress in maths and reading. Measured from reception – year 6 by teacher assessments and successful moderation practices established across school
For children with emotional and behavioural difficulties to receive targeted intervention to ensure they can access and ultimately make progress in their learning.	PP children to make progress in their learning and have strategies to deal with their emotional difficulties ATTACHMENT

To close the gap between Paganel PP children and all children nationally;	PP children identified in class and their barriers to learning recognised. Interventions in place. Regular discussions to monitor PP <u>progress</u> against ARE at RIP meetings and PP meetings.
Increase attendance rates for pupils who are eligible for Pupil Premium by reducing number of PP children below 90%	<p>Reduce the number of persistent absentees among pupils eligible for PP to below 10% currently it is 17.7% (63 children out of 359)</p> <p>Overall PP attendance improves so that it is in line with other pupils. Increase the attendance figure for PP. Autumn 1 PP attendance 88.99% compared to 93.36% non PP</p> <p>89 PA children 63 of them are PP. (71%)</p>

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £171,859

Activity	Evidence that supports this approach	Challenge number(s) addressed												
To support the teaching and learning by supporting children in smaller teaching groups in year 6	<p>Data (June 2021) shows weakness in reading, writing and maths particularly in disadvantaged groups some also LA or SEND.</p> <table border="1"> <thead> <tr> <th>Y6 attainment</th> <th>PP</th> <th>All</th> </tr> </thead> <tbody> <tr> <td>Reading</td> <td>54%</td> <td>63%</td> </tr> <tr> <td>Writing</td> <td>43%</td> <td>55%</td> </tr> <tr> <td>Maths</td> <td>51%</td> <td>63%</td> </tr> </tbody> </table> <p><i>EEF (18) states that targeted small group and one-to-one interventions have the potential for the largest immediate impact on attainment. <p>To fund 80% of pastoral team (Learning Mentor, and Pastoral Manager) to develop and</p>	<p>Behaviour interventions seek to reduce challenging behaviour in the classroom. Our experience has shown parents value the work that the Learning Mentor carries out with their children.</p>	<p>2. For children with emotional and behavioural difficulties to receive targeted intervention to</p>																																			

<p>support children's social, emotional and behavioural needs. The Learning Mentor develops targeted behavioural interventions for specifically identified, pupil premium children.</p>	<p>The EEF toolkit and the Ofsted Report, 2013 on Pupil Premium spending suggests that targeted interventions matched to specific needs of behaviour can be effective. This will allow academic attainment to rise.</p> <p>EEF states that "Behaviour interventions seek to improve attainment by reducing challenging behaviour."</p>	<p>reduce behavioural incidents and to ensure they make progress in their learning</p>
<p>Family Support and Pupil Mentoring</p>	<p>We need to continue to tackle the underlying social and emotional needs of identified pupil premium children. The interventions we employ seek to improve attainment by improving the social and emotional dimensions of learning instead of tackling with the academic element of learning.</p> <p>When these issues have been tackled, the <i>EEF Toolkit</i> suggests a gain +4 months on attainment. To do this, we will use external agencies to tackle the root causes of the social, emotional and behavioural needs of Pupil Premium children.</p> <p>Returning from Covid-19 we have experienced a sharp rise in mental health / emotional and behavioural difficulties for children, parents and staff.</p>	<p>2 For children with emotional and behavioural difficulties to receive targeted intervention to reduce behavioural incidents and to ensure they make progress in their learning.</p>

Total budgeted cost: £267,937

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2020 to 2021 academic year.

Due to COVID-19, performance measures have not been published for 2020 to 2021, and 2020 to 2021 results will not be used to hold schools to account.

Service pupil premium funding (optional)

For schools that receive this funding, you may wish to provide the following information:

Measure	Details
How did you spend your service pupil premium allocation last academic year?	NA
What was the impact of that spending on service pupil premium eligible pupils?	NA

Further information (optional)

Use this space to provide any further information about your pupil premium strategy. For example, about your strategy planning, or other activity that you are implementing to support disadvantaged pupils, that is not dependent on pupil premium or recovery premium funding.
